Revolution[®] Stretch Film

Made in the USA • Machine, hand and pre-stretched films

Stretch film for your customers' toughest loads

Blown and cast films for securing and protecting pallet loads. Private-label options are available across our stretch film line.

Manufacturers Warehousing represents Revolution Stretch in the Western U.S.

Revolution[®]

Cast Machine Film

Description

Impact Pro

Machine film. A versatile workhorse with strong load containment, puncture resistance, one-sided cling and stretch up to 250%.

Impact Ultra

Premium machine film. Multi-layer strength and a premium resin blend to deliver high puncture resistance and stretch up to 300%.

Impact Elite

High-performance machine film. Proprietary Elastin Technology supports pre-stretch beyond 300%, excellent tear resistance and barcode clarity.

Cast Hand Film

Description

A armor Wrap

Hand film. Heavy-duty puncture resistance, exceptional elongation and dependable load containment for everyday wrapping.

Titan Wrap

Hand film. Ultra-stiff cast film with quiet release, high clarity, strong puncture resistance and optimum load holding force.

Titan PCR Wrap

Hand film with 25% certified post-consumer recycled content. Ultra-stiff performance, quiet release and excellent load holding force.

Revolution Stretch Film

Blown films • Specialty options • Quick Ship Program

Revolution

Blown Stretch Film	Description
Hold Tight	Hand film. Heavy-duty puncture resistance and superior cling help eliminate film tails and secure loads, even in harsh, dusty environments.
Hold Extreme	Machine film. Premium strength, high cling and puncture resistance for heavy or irregular loads; helps minimize shifting during transit.
Fierce Plus	Blown pre-stretched hand film. Excellent cling, operator-friendly handling and damage-resistant folded edges for efficient load containment.
Specialty Products	Description
Colored Films	Made-to-order colored stretch films for your packaging needs.
Anti-Static Stretch	Specialty stretch film with anti-static properties.
VCI Stretch	Specialty stretch film with volatile corrosion inhibitor (VCI) technology.
Private Label	Build your own brand with private-label stretch film options.

Revolution Quick Ship Program

14 Stock items can ship within 48 hours. Contact us for the current Quick Ship list and availability.

Our broader stretch film line is made to order. Contact us for sizes, lead times, private-label options and application support.
